

Horizon Horseback Safari

Talking Horses headed off to the Waterberg area once again to visit the Horizon Horseback Safari. We arrived to a bustle of activity at the stables where the crew was busy saddling up horses for the afternoon ride. A quick trip to our room to drop off our bags and then to tea and cake that seems to be a tradition in the Waterberg. We were then off on our first scenic ride.

Horizon Horseback Safari with all the cottages beautifully furnished, white crisp linen all overlooking rolling lawns to a jetty and the dam. I sat that evening watching the sun go down while the hippos were frolicking in the dam. Hammocks are scattered all around the beautiful gardens where you can take a break, hang out, read a book, bird watch or just have a quiet snooze under the trees.

Horizon is the perfect destination for families and offers a wide variety of activities. My daughter had a game of polo cross that sent giggles amongst everyone trying to catch this small ball with a net.

Then there is cross country for those wanting to spend some time in the open and the highlight of the trip after a hard days ride or any of the other fun activities were heading down to the dam to cool off and swim with our horses. This was truly the most wonderful experience and not to mention fun.

Spending a few days with Horizon's lovely staff that kept us entertained, with laughter, meeting new friend and picnics in the bush. Swimming with horses and being outdoors was a truly wonderful experience.
